## OLD CRITTENDEN'S MINERAL OUTPUTS

The Month Of November Was A Record Breaker In Zinc Ores—Valuable Shipment of Logs

The mining and shipping of fluor spar, zinc, ores of both carbonate and sulphides, lead ores and barytes have, during this month, perceptibly increased in tonnage as well as values.

A large deposit of barytes of rather exceptional color and texture was opened during November by The Roberts Fluor Spar Company, and shipments are now being made. It is quite possible that additional machinery will be installed at this company's grinding plant for the purpose of preparing the barytes as a pigment instead of shipping the mineral in its crude state as at present. A comparatively limited additional expense will increase the value of barytes to the trade fully two hundred per cent.

Seven hundred and fifty tons of zinc ores have been shipped during the month from this point valued at \$20,000. Lead values were considerably less, amounting to \$1,200. The value of fluor spar shipments as compared with other seasons, will aggregate really more on account of its superior quality, much of it going into hydrofluoric acid production and for enameling use. A very small tonnage of what is termed in the trade gravel or crude fluor spar has been moved on account of the shut-downs of most of the open hearth steel plants throughout the country, who consume in ordinary years, fifty to one hundred tons. Shipments of this material during the month, from this point aggregated 1,150 tons, of a value of \$10,000.

420,000 feet of oak and hickory logs, including a few black walnut, have been shipped from Marion and Crayne during the last eleven months. The price paid averaged \$20. per thousand feet and aggregated \$84,000.

### Postmaster Casner's

#### Condition Improving.

Postmaster Fred Casner, who was injured by a fall while fighting the fire Thursday morning, is slowly improving. He was severely bruised and shaken up when his head and shoulder struck the concrete crossing and it seems almost a miracle that he was not instantly killed. He has suffered much pain, but it is now thought and sincerely hoped that no complications will arise and that he will be able to be out in a few days. — Providence Enterprise.

### Approaching Nuptials.

## CRITTENDEN COUNTY GIRL MAKING GOOD

Bright And Beautiful Miss Todd Takes Lead In Springfield High School—Making Good Grades

To her parents and relatives and friends, and to the people of Crittenden county in general, it should be a source both of pride and gratification to know that Miss Truie Todd, the promising young fifteen year old daughter of Esquire W. E. Todd, a well to do and highly respected farmer in the eastern section of Crittenden county, is achieving remarkable success in the High Schools of Springfield, Illinois, making in many instances by far the highest grades.

Owing to her splendid record in the common branches by way of grades in Professor J. Y. Brown's Academy, at Providence Kentucky, Miss Todd was admitted to the Freshman Class of the Springfield High School last September without examination, and also without the necessity of presenting a diploma of graduation from the common schools of Kentucky, as she had never taken that examination. Her success thus far has even exceeded the most sanguine expectations of those who are most directly interested in her progress, and promises the attainment of a still higher standard in the immediate future.

Miss Todd's monthly grade in November for Algebra is 95%—5% higher than any other grade; Latin 90%, as good as any, and other grades in proportion. She has maintained a high standard from the first day of school. Her record is worth of record, considering her tender age, and that the work is entirely new.

Young Miss Todd is decidedly a Crittenden county product. Her education has been almost entirely in the country schools of this county. She attended the Marion Schools for a short term, being known to many of the school children here as the sister of the former Miss Myrtle Todd who, at that time, was a teacher in our schools. She is making her home at 1500 South Spring Street, Springfield, with her sister and brother-in-law, B. T. Towery, who is the secretary of the legal department of the State Public Utilities Commission of Illinois.

You can't beat 'em—who?—the Boys and Girls of old Crittenden who go out into the world challenging the best at every turn and bidding for the highest success—and GETTING what they go after.

### Card of Thanks.

Through the columns of the Crittenden Record-Press, we take this method of expressing our heartfelt thanks to our many friends for the noble way in which they stood by us and so kindly assisted us during the last illness and death of our precious wife and mother.

We want especially to thank Bro. W. R. Gibbs for the long journey he made to come to us in an hour of great sorrow and for the splendid funeral sermon preached. We never can forget the kindness shown by all.

May the richest blessings of God rest upon all.

Sincerely,  
B. M. Vinson and Children.

## HELP THE STARVING BELGIANS

A Christmas Appeal to All Americans to Help to Send Xmas Gifts Worthy of America.

New York, Nov. 28th, 1914.  
Mr. S. M. Jenkins,  
Editor, Record-Press.  
Marion, Ky.

Dear sir:

Christmas approaches and to quote the President's Thanksgiving Proclamation "it has been vouchsafed to us to remain at peace with honor." The duty and the privilege remain of averting starvation amongst the Belgian refugees this winter and for this special purpose the Dollar Christmas Fund has been organized.

It is estimated to date that all the help subscribed in America—and it has been very liberal—including the wealthy Rockefeller Foundation—does not average more than a few cents for each destitute Belgian—enough to buy food for a few days!

The Dollar Christmas Fund has one great ambition—to see that every man, woman and child this Christmas shall have food, clothing and shelter. This great achievement is happily still possible and to this end we are working with the Christmas Fund of London which has collected for the same purpose nearly \$400,000. The co-operation of the two organizations has many decided advantages. It provides a safeguard against waste from overlapping. It enables our fund to enjoy the guidance of members of the Belgian Government as regards the distribution of relief. All our workers are voluntary and every cent subscribed, after deducting the cost of stamps and postage, goes direct to the Belgians.

Even if you have given to every other fund we beg you in the name of humanity to add the Christmas Fund for which I appeal as Treasurer. Help to send a Christmas gift worthy of American—a tribute of sympathy from one people to another whose needs and sorrows are immeasurable.

If you realize that millions are literally faced with starvation, that children are still crying for food, shelterless women dragging their weary way to help, that aged men are homeless and shivering, and this despite all that is being done—you will give before Christmas and give liberally.

England has received 300,000 of the refugees but there are unnumbered thousands still wandering in France and Holland besides those in stricken Belgium.

A fresh inspiration to our own peaceful Christmas in America will be lent if we relieve now the sufferings of innocent little children, unoffending women and aged men and you may rest assured that no man's Christmas Day will be the less happy because in some cases the gift may entail some measure of personal sacrifice.

Let us remember at this crisis that "to pity distress is but human; to RELIEVE it is Godlike."

All contributions entrusted to me as Treasurer will be promptly and thankfully acknowledged. Send along your dollar—more if you can.

Yours very truly,

Henry Clews,  
Treasurer, Dollar Christmas Fund for Homeless Belgians,  
Broad Street, New York.

## MR. DOSS NATION WINS GOLD MEDAL

In Declamatory Contest In Educational Division No. 3.—Miss Dempsey Wins 2nd. Prize

The Declamatory Contest of Educational Division number 3 was held in Belle's Mines church Friday evening, Nov. 27th. A very large and an appreciative audience was present.

After the house was called to order by the president, Mr. E. E. Phillips, Miss Bertha Rankin at the organ played a march as the contestants marched in, "With a Heart for Any Fate." Invocation, by Mrs. Jeff Holdman, was followed by a welcome address given by J. M. Davis.

A song, "Soldiers of the Flag" was sung by eight of the Green's Chapel pupils, then Master Alve Dempsey, of Green's Chapel, told us how his "Mother Taught Him to Tell the Time O' Day."

"Harvest Song" was well rendered by Walnut Grove school, after which, Master Rivers Searls in an interesting way recited "A Nawful Dream."

Walnut Grove pupils sang a Thanksgiving hymn, then Master Earnest Hina, of Green's Chapel, recited a poem about, "When Dad Was A Kid." Earnest was encored, then he told us to the "Three Calls" one from his mother, one from his father and the other from the trout brook.

By Mrs. Travis, entertained us a few minutes by reciting a poem after which "the fight was on" between the contestants for the medals.

"At School and At Home," was recited by Lillian Barnes of Green's Chapel; "The wrong Train," by Jerry Dell Rankins of Weston; "Too Late for the Train," by Zenna Dempsey of Dempsey school; "Day Dreams," by Doss Nation of Post Oak; "They Put no Flowers on My Papa's Grave," by Mary Quartermore of Hoods Creek; "A Hedge With Wine," by Jennie Rutherford of Walnut Grove.

All of the contestants deserve much praise for their accuracy in memorizing.

Lillian Barnes could not have acted more natural or recited with better expression, an many thought she would win first prize, but, on account of the brevity of her recitation, the judges, Messrs. Lillie Wilson, Iva Hicklin and Clara Nunn decided in favor of Doss Nation as winner of the gold medal, and the silver medal was given to Zenna Dempsey.

Miss Hicklin, in a very impressive manner, presented the medals.

We wish to thank Miss Bertha Rankin for the excellent music with which she entertained the audience for a few minutes, and also to express our appreciation for the task which Superintendent L. J. Travis made to the patrons in regard to having their children attend school regularly. "Uncle" Bob Adamson dismissed the audience and all departed for home.

Only six of the teachers in Division 3 have paid their tax, which is fifty cents, to aid in the disbursement of our school advertising fee. That doesn't sound very well as there are thirteen teachers in our Division. "Let us be up and doing."

The Secretary of Division 3 feels deeply obligated to "One Who Was Present," the writer of our school notes last week, for the write-up concerning our

## WARRING NATIONS BUY OF UNCLE SAM

\$400,000,000 Worth for Manufactured Goods Already Booked.—Business is Also Thriving

A huge river of gold—more than \$400,000,000 worth—will soon be flowing into the United States.

It will come as payment for war supplies which European nations have already ordered from this country. The figure of \$400,000,000, astounding as it is, covers only the values of orders for manufactured goods already booked, and is exclusively of cereals, provisions and normal exports.

Were the field of American industry as arid as the Sahara, it could hardly fail to grow fertile under the irrigation of so rich a stream of gold. But advices from all over the country show that normal domestic business, unaffected by war stimulus, is also beginning to thrive.

That is why big business men who a short time ago sat in the dumps, undisturbedly pessimistic over the business situation, have suddenly jumped up and hailed prosperity with a veritable explosion of enthusiasm.

Below are some contracts that American manufacturers have received from the warring nations: Bethlehem Steel company and the Fore River Shipbuilding company. (Contracts for field guns, ammunition and submarines) \$290,000,000.

September exports of foodstuffs (increased) \$29,701,215.  
Harness ordered from South Bend, Ind., \$6,700,000.

The Studebaker Wagon company (wagons for England) \$6,500,000.

New York refiners sold in ten days 100,000 barrels of sugar, valued at \$5,000,000.

St. Louis is to furnish 20,000 horses, costing \$5,400,000.

The Ford, Packard and Federal Automobile companies (sold to the warring powers 3,500 motor trucks) \$4,250,000.

The Robin Hood Ammunition company, of Vermont (order for cartridges) \$2,500,000.

The Baldwin Locomotive Works (locomotives for Russia) \$1,500,000.

The Struss Saddlery, of St. Louis, (25,000 saddles) \$750,000.

Pittsburg will make for France shoes valued at \$650,000.

Reading, Pa., will furnish 600,000 hospital shirts, worth \$350,000. — Henderson Gleaner.

## KEEP YOUR GASOLINE AWAY FROM CHILDREN

Explosion Kills A Little Boy When Gasoline Vapor Is Ignited.—Boy Is Blown From Ground.

Charles Eddie O'Bryan, six years old, is dead as the result of placing a lighted torch in a gasoline can in the rear of his home, 1153 South Sixth street late Friday afternoon. The can exploded with terrific force and the boy was blown from the ground. He was burned horribly, but lived although suffering greatly until 8 o'clock Friday night. Windows in the neighborhood were shattered by the explosion.

The boy with his younger brother and sister, were playing in the rear yard. He found the gasoline can, which contained five gallons, upon the rear porch. The two younger children had entered a playhouse when the explosion took place and were not injured.

Employees of the Neil-Roach Dairy Company, the boy's mother, and neighbors rushed to the little fellow's assistance after the explosion. He was carried to the house and Dr. Charles Edelen summoned. After his death, Coroner Duncan was summoned and the body was removed to Schildt's undertaking establishment.

The boy's father, T. B. O'Bryan, is employed at the Boston Shoe Company. — Louisville Times

### MRS. B. M. VINSON—

Sarah Josephine, daughter of Rev. and Mrs. E. B. Blackburn, was born near Walnut Grove, Caldwell Co., Sept. 12th, 1858. Professed faith in Christ at an early age and united with Walnut Grove Baptist church, where she remained a faithful member until death; denying herself, taking her cross daily and following her Master; letting her light so shine that the world could read in her Christ the hope of glory.

She was married to B. M. Vinson Jan. 17th, 1877. God blessed this union with ten children, five boys and five girls, of which all are married except the two youngest. Their names are as follows: Mrs. Mollie Phelps, Mrs. Lucy Vinson, James F. Giles C. W. McCoy, J. Lee Roy and Miss Iva Vinson, all of Caldwell county, Mrs. Edna Hodge and Jennie Belt, of Crittenden county, and Harvey B., the eldest son, who has resided in the state of Washington for the last nine years. He being the only one absent at the time of her death.

She departed this life Nov. 27, 1914, being afflicted with heart trouble for several months. She bore her afflictions with great patience and was cheerful to the end.

No man was ever blest with a truer and nobler wife than was her husband; no duty was too stern for her if it would add to his pleasure.

She was a loving and devoted mother, always giving the best of advice and instruction to the children God had given her.

Besides husband and children, she leaves an aged mother, two brothers, Thomas W. Blackburn, of Caldwell county, W. A. Blackburn, of Paducah, and one sister, Mrs. U. G. Hughes, of Marion, to weep for her.

The funeral took place from the Walnut Grove church of which she was a member Sunday, Nov. 29th, at 11 o'clock a. m., conducted by Rev. W. R. Gibbs, a devoted friend and co-worker in the ministry with her deceased father, after which the body was laid to rest in the Asher cemetery to await the call of her Master.

We would say to the bereaved ones, prepare to meet her in that better land where there will be no more sorrow or pain, and where God, Himself, shall wipe all tears from our eyes.

## In Memory.

Loren Cook Holloman was born in Crittenden county, Ky., Sept. 7, 1900. His parents were Mr. and Mrs. J. T. Holloman. They lived for some time at Crayne. From there they moved to Marion and lived here for several years. Mr. Holloman was cooper at the spar mill for quite awhile.

Loren died at the home of his parents 908 South Fifth St., Paducah, Ky., Oct. 7, 1914, aged fourteen years and one month. He was affected with spinal trouble and lived only six days from the time he was taken. All was done that could be done by human hands and good physicians to avert his death, but all to no avail.

Loren, while living in Marion, was a regular attendant of the Main Street Presbyterian church. He was faithful to attend Sunday School and always knew his lessons well. He was a quiet, gentle child and loved by all that knew him. He was received into the Kentucky Ave. church before his death and baptized by Rev. J. B. Robinson, the pastor. The funeral services were held at the church by the pastor.

Loren is gone, but he has left behind him an influence that will bid others come on. What an encouragement to his Sunday School teacher who help lay the foundation for a sweet Christian life. In the very dawn of his young life he has been plucked from the earthly garden and transplanted to The Eden on high. He bids his school master and associates, "Come up higher." What a comfort to parents, brother and sister that all sweet life is not in vain, but they have a light in the windows of Heaven beckoning them homeward.

## BRAIN LEAKS.

Little Annoline Ray came home from her first visit to Sunday School, carrying a small sack of candy.

Why, Annoline, where did you get the candy? asked the family, who gathered to hear her experience. Annoline looked up in surprise. I bought it with the nickel you gave me, she said, the superintendent met me at the door and got me in free.

The parson of a country church tenderly announced that he had received a call from another field. At the conclusion of the service the parson was approached by one of the deacons. I have been thinking about the announcement you made, parson, said the deacon. Are they offering you any more money in that new field? Oh yes, brother, was the prompt rejoinder of the parson, three hundred dollars.

Well, I don't blame you, parson, thoughtfully returned the deacon, but in making the announcement you did not use the right term—that isn't a call, it's a raise.

John Dunning stepped into Mr. Myers barber shop to get a hair cut, after he had sat for a few minutes the barber began to tell some of his jokes.

John said: Stop. Why do you insist upon telling me those horrible blood-curdling stories.

I am sorry, sir, said the barber, but when I tell stories like that, the hair stands up on end and makes it much easier to cut, sir.

When you proposed to Mattie, asked Steve, did you tell her you were unworthy of her?

No I didn't, replied Tom. I was going to do so, but she told me first.

the body near the tender nerves. There is no swelling or fever but agonizing pain. Doctors may decide the pain, but the disease must be cured through the kidneys.

Rheuma, the splendid remedy for all forms of rheumatism, quickly dissolves the uric acid crystals and passes them off through the kidneys and bowels, and the immediate relief is pronounced that you won't guess you are being rid of rheumatism—you will know it.

"I suffered with rheumatic neuralgia for six years. Tried different remedies, but was not benefited until I used Rheuma. I have taken three bottles and am entirely free from the disease. I was so bad I could not sleep nights; now I sleep well, and my kidneys work perfectly."—J. W. Miller, Cutawissa, Pa.

J. H. Orme and all druggists sell Rheuma, and will return your money if not satisfied. It is inexpensive, but worth many times its cost.

## NATION'S LABOR PROBLEM

OVER A MILLION AND A HALF WOMEN WORK AS FARM HANDS IN THE UNITED STATES.

By Peter Radford  
Lecturer National Farmers' Union

Our government never faced so tremendous a problem as that now lying dormant at the doors of congress and the legislatures and which, when aroused, will shake this nation from center to circumference, and make civilization hide its face in shame. That problem is—women in the field.

The last federal census reports show we now have 1,544,000 women working in the field, most of them south of the Mason and Dixon line. There were approximately a million negro slaves working in the field when liberated by the emancipation proclamation. We have freed our slaves and our women have taken their places in bondage. We have broken the shackles of the negro and we have chained our daughters.

## The Chain-Gang of Civilization.

A nation worse than those in the southern fields before the emancipation of civilization—the industrial tragedy of the age. There is no overwork quite so cruel as that of untrained women, who with their backs like the backs of chained slaves, and no man's work quite so degrading as that of untrained women.

The president of the United States was recently lectured by the press, and very properly so, for suggesting a meeting between the engineers and railroad managers to adjust their schedule of time and pay. The railroad managers threatened to strike if their wages were not increased from 10 to 15 cents per day, and the engineers threatened to strike if their wages were not increased from 10 to 15 cents per day. and guide the plow. What is to become of that nation where poverty breaks the crowns of the queens of the home; degrades a mother's love from its throne and hunger drives innocent children from the school room to the street?

The census bureau shows that 1,544,000 of these women are sixty-five years of age and over. There is no more pitiful sight in civilization than these solitary mothers of Israel, stooped with age, tramping in the dust of the sun until— and at night, freezing their dingy pillows with the tears of despair as their wailing hearts take it all to God in prayer. Civilization strikes them a blow when it should give them a crown, and their only friend is he who broke bread with beggars and said: "Come into my all ye that are weary and heavy laden and I will give you rest."

Oh, America! The land of the free and the home of the brave, the world's custodian of civility, the champion of human rights and the defender of the oppressed—shall we permit our maidens fair to be torn from the hearthstone by the ruthless hand of destiny and chained to the plow? Shall we permit our faithful wives, whom we covenanted with God to cherish and protect, to be hurled from the home to the harvest field, and our mothers dear to be driven from the old arm chair to the cotton patch?

In rescuing our citizens from the forces of civilization can we not apply to our fair daughters the rule of the sea—"women and children first?"

There must be a readjustment of the wage scale of industry so that the women can be taken from the field or given a reasonably wage for her services. Perhaps the issue has never been fairly raised, but the Farmers' Union, with a membership of ten million puts its organized forces squarely behind the issue and we now enter upon the docket of civilization the case of "The Woman in the Field" and demand an immediate trial.

## RAILROADS APPEAL TO PRESIDENT

The Common Carriers Ask for Relief—President Wilson Directs Attention of Public to Their Needs.

The committee of railroad executives headed by Mr. Frank Johnson, representing thirty-five of the leading railroad systems of the nation, recently presented to President Wilson a memorial book frankly revealing the difficulties confronting the railroads of the country and asking for the cooperation of the government in their solution. The book is a plea for the government to take action to relieve the railroads of the country and asking for the cooperation of the government in their solution.
